

How I felt while I was being sexually abused.

- Mad = 
- Confused = 
- Hurt = 
- Sorry = 
- Scared = 
- Guilty = 
- Sad = 

Mad this had to happen to me. I wonder if there was something about me that made me get picked.

Sad that this was happening to me.

Guilty = I thought it was all my fault.

Scared that I will get in trouble. He told me I would.

Sorry - I thought it was my fault that he done it.

Hurt that he done it to me. I + was my grandpa that done it.

Confused - Why did he do it to me? (Confused for dad + grandpa wanted this to happen to me)
